

Estimated Distribution Information – December 2018

The estimated RiverPark year-end distributions to be paid in December 2018 are shown below. The estimated capital gains distribution amounts per share are based on portfolio information as of September 30, 2018, and do not include all required tax adjustments. Estimated distribution amounts can change prior to the record date and the actual distributions may be more or less than these estimates. RiverPark will announce the actual capital gains distribution amounts on December 14, 2018.

The net asset value of a fund will decline on the ex-dividend date to reflect the adjusted net asset value of a fund after the distribution. All shareholders as of the Record Date will be entitled to the distribution. Shareholders will receive the distribution on the Payable date.

The Net Investment Income distributions are estimated through September 30, 2018 and could very well change based on transactions that take place through the 2018 calendar year-end. The Net Investment Income final distributions will be made as follows: **Record Date: December 27, 2018; Ex-Date: December 28, 2018; and Pay Date: December 31, 2018.** The RiverPark Short Term High Yield Fund and RiverPark Strategic Income Fund are also expected to pay their normal monthly distributions at the end of December and anticipate no special annual dividend at this time.*

Fund distributions are taxable in the current year regardless of whether shareholders receive them in cash or reinvest in additional Fund shares. Shareholders should consult their tax advisor for more specific information regarding their own tax circumstances.

Record Date: December 14, 2018**
Ex-Date: December 17, 2018**
Payable Date: December 18, 2018**
