### **RIVERPARK ADVISORS' FAMILY OF MUTUAL FUNDS RECEIVE TICKER SYMBOLS**

NEW YORK, (March 28, 2011) -- RiverPark Advisors LLC, a New York-based investment advisory company, announced that its family of five no-load open-end mutual funds has received ticker symbols from the NASDAQ.

The five RiverPark funds, which were launched in October 2010, and their respective ticker symbols are as follows (clicking on the name of each fund will take you to its respective information page on the RiverPark Funds website):

- **[RiverPark Large Growth Fund \(Retail: RPXFX; Institutional: RPXIX\)](#)**  
The Fund seeks long-term capital appreciation by investing primarily in the equity securities of large capitalization companies. RiverPark Advisors serves as the investment adviser. Mitchell Rubin, RiverPark's chief investment officer and co-founder, serves as the Portfolio Manager.
- **[RiverPark Small Cap Growth Fund \(Retail: RPSEFX; Institutional: RPSZX\)](#)**  
The Fund seeks long-term capital appreciation by investing primarily in the securities of small capitalization companies. RiverPark Advisors serves as the investment adviser, with Mitchell Rubin and Conrad van Tienhoven acting as Co-Portfolio Managers.
- **[RiverPark/Wedgewood Fund \(Retail: RWGFX; Institutional: RWGIX\)](#)**  
The Fund seeks long-term capital appreciation by investing primarily in the equity securities of large capitalization companies. It is sub-advised by Wedgewood Partners, Inc., which has a 20+ year history in the managed

account space and approximately \$1 billion in managed account assets under management, and is a focused fund with approximately 20 to 22 holdings.

- **[RiverPark Short Term High Yield Fund \(Retail: RPHYX; Institutional: RPHIX\)](#)**

The Fund focuses on short term high yield securities for which it believes credit ratings do not accurately reflect a company's ability to meet their short term credit obligations. The Short Term High Yield Fund seeks to make investments in fixed income securities of companies that have announced or, in Cohanzick's opinion, will announce a funding event, reorganization or other corporate event that they believe will have a positive impact on a company's ability to repay their debt. Additionally, the Fund will invest in securities in which it perceives there is limited near term risk of default. In Cohanzick's view the risks associated with investing in short term high yield debt are very different from investing in long-dated paper in which operating performance and business sustainability are of primary concern. The Fund is sub-advised by Cohanzick Management, LLC with David Sherman serving as Portfolio Manager.

- **[RiverPark/Gravity Long-Biased Fund \(Retail: RGLBX; Institutional: RGLZX\)](#)**

The Fund seeks long-term capital appreciation with reduced market-related risk by investing primarily in the securities of large capitalization companies. The Fund expects to manage market exposure by selective shorting of both individual stocks and equity market index ETFs. It is sub-advised by Gravity Capital Management LLC, with Adam Seessel serving as Portfolio Manager.

While RiverPark is still a relative newcomer to the mutual fund arena, its senior management is among the most experienced in the business. Firm co-founder Morty Schaja was a key figure for many years at Baron Capital, where he served as President and Chief Operating Officer and helped oversee the firm's growth from \$40 million to \$15 billion in assets under management. Matt Kelly, who earlier ran mutual fund distribution at Baron, serves as Chief Marketing Officer at RiverPark.

RiverPark portfolio managers Mitch Rubin and Conrad van Tienhoven also came from the Baron family of funds. During his time at Baron, Rubin was previously the manager of the Baron Opportunity Fund (BIOPX), the Baron Fifth Avenue Growth Fund (BFTHX) and the co-manager Baron Growth Fund (BGRFX). The sub-advisors that RiverPark has teamed up with (which include Wedgewood Capital, Cohanzick Management and Gravity Capital Management) are among the most experienced in their respective area of investment focus.

"We've been very pleased with the investor response to our family of funds since bringing them to the marketplace in October of last year, and are excited that each has now been assigned its ticker symbols," said Schaja. "We look forward to

continuing to address important investment allocation needs for advisors and investors for many years to come.”

**About RiverPark Advisors LLC**

RiverPark Advisors, LLC is a New York-based investment advisory company. The firm offers its advisory services in mutual funds, separate accounts, and actively managed ETFs.

###

**To determine if these Funds are an appropriate investment for you, carefully consider the Fund’s investment objectives, risk factors, charges and expenses before investing. This and other information may be found in the Fund’s prospectus, which may be obtained by calling 1-888-564-4517 or by visiting the website at [www.riverparkfunds.com](http://www.riverparkfunds.com). Please read the prospectus carefully before investing.**

*Mutual fund investing involves risk including possible loss of principal. In addition to the normal risks associated with investing, international investments may involve risk of capital loss from unfavorable fluctuation in currency values, from differences in generally accepted accounting principles or from social, economic or political instability in other nations. Investments in smaller companies typically exhibit higher volatility.*

*The RiverPark/Gravity Long-Biased Fund may use leverage. If the securities decrease in value, the Fund will suffer a greater loss than would have resulted without the use of leverage. With short sales, there is a risk paying more for a security than received from its sale and may be subject to greater risks than investments in long positions.*

*Bonds and bond funds are subject to interest rate risk and will decline in value as interest rates rise. High yield bonds involve greater risks of default or downgrade and are more volatile than investment grade securities, due to the speculative nature of their investments.*

*There can be no assurance that the Funds will achieve their stated objectives.*

*The RiverPark funds are distributed by SEI Investments Distribution Co., which is not affiliated with Wedgewood Partners, Inc., Cohanzick Management, LLC, Gravity Capital Management LLC or RiverPark Advisors or their affiliates.*
